SKILLS

- ❖ Programming Language: Java
- ❖ Frameworks: Spring Boot, Hibernate
- ❖ Java Technologies: J2EE, Java 8, OOPs, JDBC, Servlets, Spring MVC, Spring Validation
- ❖ Web Services: RESTful API
- ❖ Web Technologies: HTML, CSS, JSP
- ❖ Web Servers: Apache Tomcat
- ❖ Database: MySQL
- ❖ IDEs: Eclipse, STS, IntelliJ
- ❖ Software Methodologies: Agile

PROJECTS

Student Information System

Abhishek-70/Student-Data-Management

- ❖ The Student Information Web App, employing **MVC architecture**, utilizes **HTML**, **JSP**, **Java**, **JDBC**, **Spring Boot**, and **MySQL**. It features user and admin functionalities, email confirmation for user registration, **CRUD operations** for admins, OOP principles, MVC structure, and session timeout for enhanced security and modularity.

Blog11

Abhishek-70/MyBlog11

- ❖ Create a Spring Boot blog web app with a one-to-many relationship between "Post" and "Comment". Utilize Spring MVC and RESTful API. Use Postman for endpoint testing. Entities, repositories, controllers, and services are essential components.

EDUCATION

- ❖ Bachelor Of Technology (Electronics Engineering)   *July 19-June-'23*
  Dr. Ambdekar Institute of Technology for Handicapped, Kanpur (76.5%)

- ❖ Higher Secondary School   *Apr '17-Feb-18*
  Ram Lakahan Public School, Varanasi (69.6%)

- ❖ Secondary School   *May-'15-Mar-'16*
  Jawahar Navodaya Vidyalaya, Varanasi (9.2 CGPA)

Extracurricular Activities

- ❖ Achieved under 40 rank in the JNVST test organised at the national level and got selected for Schooling at JNV Varanasi.
- ❖ It is an honour to represent the state at the **National Level** in Badminton.
